PROFESSIONAL SUMMARY

Entry-level Full Stack Developer with hands-on experience building and deploying full-stack web applications using Python, FastAPI, JavaScript, HTML/CSS and SQL. Built production-style projects with REST APIs, authentication, database integration, AI API integration, CORS, Git/GitHub and cloud deployment. Strong interest in developing reliable, user-focused applications and growing as a software engineer.

TECHNICAL SKILLS

Languages: Python, JavaScript, SQL, HTML5, CSS3

Frontend: HTML, CSS, JavaScript, DOM, Fetch API, Responsive UI

Backend: FastAPI, REST APIs, Pydantic, Middleware, CORS

Database: SQL, SQLite, Supabase

AI / APIs: Groq API, ElevenLabs TTS, LLM API integration, Prompt Engineering

Tools & Deployment: Git, GitHub, VS Code, Postman, Render, GitHub Pages, Cloud Code

PROJECTS

TaskFlow — Full Stack Task Management Application

Python • FastAPI • JavaScript • HTML/CSS • SQL/SQLite • Supabase • REST API • Git/GitHub • Render/GitHub Pages

- Built a full-stack task management application with authentication, task/project workflows and a responsive frontend.
- Developed FastAPI REST endpoints and connected the frontend with backend APIs using JavaScript Fetch.
- Implemented task/project management, searching/sorting workflows and an AI Quick-Add feature for turning natural-language input into structured tasks.
- Added CORS middleware and production API configuration to support frontend-backend communication across deployment environments.
- Used Git/GitHub for version control and deployed the frontend/backend for live testing and demonstration.

Nava AI Assistant — AI-Powered Web Assistant

Python • FastAPI • JavaScript • HTML/CSS • Groq • ElevenLabs TTS • REST API • CORS • GitHub • Render

- Built an AI assistant web application with a JavaScript frontend and FastAPI backend.
- Integrated an LLM API for conversational responses and ElevenLabs Text-to-Speech for voice output.
- Implemented API communication, environment-based configuration and CORS for secure frontend-backend integration.
- Created and deployed a responsive web interface with an interactive assistant experience.
- Published the project on GitHub and deployed a live version using Render.

EDUCATION

Bachelor of Science (B.Sc.) — Dr. Ram Manohar Lohia Avadh University, Faizabad

2024 – 2027 (Expected)

Certification in Software Development Engineering with Applied AI (Hindi) — Vishlesan i-Hub, IIT Patna

2026 | Coursework 100% complete; final offline exam pending

Class XII — 70.6% | Completed

Class X — 70% | Completed

ADDITIONAL INFORMATION

Career Target: Full Stack Developer / Software Developer

Academic Status: B.Sc. currently pursuing; final Applied AI program exam pending.
